## FOREWORD

This amendment has been prepared by technical committee 61: Safety of household and similar electrical appliances.

The text of this amendment is based on the following documents:

FDIS	Report on voting
61/2274/FDIS	61/2324/RVD

Full information on the voting for the approval of this amendment can be found in the report on voting indicated in the above table.

The committee has decided that the contents of the base publication and its amendments will remain unchanged until 2005. At this date, the publication will be

- reconfirmed;
- withdrawn;
- replaced by a revised edition, or
- amended.

## 7 Marking and instructions

### 7.12.1 Add a fourth dashed item after Note 102:

- that the appliance must not be installed behind a lockable door, a sliding door or a door with a hinge on the opposite side to that of the tumble dryer.

## 20 Stability and mechanical hazards

### 20.101 Replace the third sentence of the first paragraph by the following:

For appliances with a door opening having a dimension exceeding 200 mm and a drum having a volume exceeding 60 dm<sup>3</sup>, it shall not be possible to start the motor until a separate means which controls the movement of the drum is operated manually.

### 20.102 Replace the first paragraph by the following:

For appliances with a door opening having a dimension exceeding 200 mm and a drum having a volume exceeding 60 dm<sup>3</sup>, it shall be possible to open the door from the inside with a force not exceeding 70 N.

NOTE 1 This requirement does not apply to washing machines having a drying function.

NOTE 2 If the appliance is supplied with a decorative door, the test is carried out with this door closed.
