This amendment A1 modifies the European Standard EN 60926:1996; it was approved by CENELEC on 1999-12-01. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this amendment the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CENELEC member.

This amendment exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the Central Secretariat has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

#### **Foreword**

The text of document 34C/482/FDIS, future amendment 1 to IEC 60926, prepared by SC 34C, Auxiliaries for lamps, of IEC TC 34, Lamps and related equipment, was submitted to the IEC-CENELEC parallel vote and was approved by CENELEC as amendment A1 to EN 60926:1996 on 1999-12-01.

The following dates were fixed:

 latest date by which the amendment has to be implemented at national level by publication of an identical national standard or by endorsement

(dop) 2000-09-01

 latest date by which the national standards conflicting with the amendment have to be withdrawn

(dow) 2006-12-01

#### **Endorsement notice**

The text of amendment 1:1999 to the International Standard IEC 60926:1995 was approved by CENELEC as an amendment to the European Standard without any modification.

#### **FOREWORD**

This amendment has been prepared by subcommittee 34C: Auxiliaries for lamps, of IEC technical committee 34: Lamps and related equipment.

The text of this amendment is based on the following documents:

FDIS	Report on voting
34C/482/FDIS	34C/492/RVD

Full information on the voting for the approval of this amendment can be found in the report on voting indicated in the above table.

Page 23

#### 11.4 Replace the last paragraph on page 23 with the following:

Ignitors with pulse voltages over 10 kV shall be provided with a device for time limitation of the starting operation. This device shall, in case of the non-igniting of lamps, interrupt the generation of starting pulses within 3 s. This time limitation may be extended to 30 s where this information is provided on the label of the device. After time limitation has interrupted the circuit, generation of starting pulses is only allowed after disconnecting and reconnecting the ignitors to the supply.
