BRIEF HISTORY

The ISO Recommendation R 282, *Sampling of Conveyor Belts*, was drawn up by Technical Committee ISO/TC 41, *Pulleys and Belts (including Vee-Belts)*, the Secretariat of which is held by the Association Française de Normalisation (AFNOR).

Work on this question by the Technical Committee began in 1958 and led, in 1959, to the adoption of a Draft ISO Recommendation.

In March 1961, this Draft ISO Recommendation (No. 441) was circulated to all the ISO Member Bodies for enquiry. It was approved by the following Member Bodies:

Australia	France	New Zealand
Austria	Germany	Portugal
Belgium	Greece	Spain
Brazil	India	Sweden
Chile	Iran	Turkey
Colombia	Israel	United Kingdom
Czechoslovakia	Italy	U.S.A.
Denmark	Mexico	U.S.S.R.
		Yugoslavia

No Member Body opposed the approval of the Draft.

The Draft ISO Recommendation was then submitted by correspondence to the ISO Council, which decided, in November 1962, to accept it as an ISO RECOMMENDATION.

SAMPLING OF CONVEYOR BELTS
