This amendment 1 modifies the European Standard EN 10204:1991. This amendment was approved by CEN on 1995-05-11. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this amendment the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

The European Standards exist in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

Foreword

This amendment 1 to EN 10204:1991 "Metallic products - Types of inspection documents" has been prepared by ECISS/TC 9 "Technical conditions of delivery and quality control" of which the secretariat is held by IBN.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by December 1995, and conflicting national standards shall be withdrawn at the latest by December 1995.

According to the CEN/CENELEC Internal Regulations, the following countries are bound to implement this European Standard: Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland, United Kingdom.

- On page 3, replace the "General" clause in the contents with:

1 General	4
1.1 Scope	4
1.2 Definitions	4

- On page 4, replace 1.1 with:

1.1 Scope

1.1.1 This European Standard defines the different types of inspection documents supplied to the purchaser, in accordance with the requirements of the order, for the delivery of all metallic products whatever their method of production.

1.1.2 However, if agreed in the order, this standard may also apply to products other than metallic products.

1.1.3 This standard is to be used in conjunction with the standards which specify the technical delivery conditions of the products.

- Delete 1.2 Normative references, as a result of which 1.3, 1.3.1 and 1.3.2 become 1.2, 1.2.1 and 1.2.2 respectively.
