This European Standard supersedes EN 60204-32:1998.

EN 60204-32:2008 includes the following significant technical changes with respect to EN 60204-32:1998.

- a) Changes to EN 60204-1:2006 have been incorporated, especially:
 - deletion of Clause 11 of EN 60204-1:1997;
 - modification of the structure of equipotential bonding (Clause 8);
 - separation of control functions (Clause 9) and devices (Clause 10);
 - structure of technical documentation (Clause 17);
 - verification of protection by automatic disconnection of supply (18.2).

- b) Subclause 9.2.7 on cableless controls has been modified.

The following dates were fixed:

- latest date by which the EN has to be implemented at national level by publication of an identical national standard or by endorsement **iTeh STANDARD PREVIEW (standards.iteh.ai)** (dop) 2009-04-01
- latest date by which the national standards conflicting with the EN have to be withdrawn **SIST EN 60204-32:2009
