iTeh STANDARD PREVIEW
(standards.iteh.ai)

This European Standard was approved by CENELEC on 2010-10-01. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the Central Secretariat has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Bulgaria, Croatia, Cyprus, the Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, the Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland and the United Kingdom.

CENELEC

European Committee for Electrotechnical Standardization
Comité Européen de Normalisation Electrotechnique

Management Centre: Avenue Marnix 17, B - 1000 Brussels

Foreword

The text of document 66/414/FDIS, future edition 3 of IEC 61010-1, prepared by IEC TC 66, Safety of measuring, control and laboratory equipment, was submitted to the IEC-CENELEC parallel vote and was approved by CENELEC as EN 61010-1 on 2010-10-01.

This European Standard supersedes EN 61010-1:2001.

This edition includes the following significant changes from EN 61010-1:2001, as well as numerous other changes.

- The scope of the standard has been expanded to include all locations where these products may be used, so that both professional and non-professional versions of these products are within the scope.
- The requirements for testing and measuring circuits (in various subclauses and the entirety of Clause 16) have been removed and included in a particular standard EN 61010-2-030.
- Insulation requirements (6.7) have been completely rewritten.
- Specific requirements have been added for solid insulation and thin-film insulation.
- Subclause 6.7 now contains only the insulation requirements for MAINS CIRCUITS of OVERVOLTAGE CATEGORY II up to 300 V, and for secondary circuits.
- The insulation requirements for all other circuits have been moved to a new Annex K.
- Additional requirements for protection against mechanical HAZARDS (Clause 7) have been included.
- Surface temperature limits (Clause 10) have been modified to conform to the limits of EN 563.
- Radiation requirements (Clause 12) have been modified, and take into account a distinction between intended emission and unintended emission.
- Requirements for reasonably foreseeable misuse and ergonomic aspects have been added (Clause 16).
- A new clause (Clause 17) has been added to deal with HAZARDS and environments not covered by the standard, along with a new informative annex (Annex J) dealing with RISK assessment.
- A new informative annex (Annex E) addresses methods of reducing the POLLUTION DEGREE of a micro-environment.
- Requirements for the qualification of coatings for protection against POLLUTION have been added (Annex H).
- A new informative annex (Annex I) has been added to further explain how to determine the WORKING VOLTAGE of a MAINS CIRCUIT.

Attention is drawn to the possibility that some of the elements of this document may be the subject of patent rights. CEN and CENELEC shall not be held responsible for identifying any or all such patent rights.

The following dates were fixed:

- latest date by which the EN has to be implemented at national level by publication of an identical national standard or by endorsement (dop) 2011-07-01
- latest date by which the national standards conflicting with the EN have to be withdrawn (dow) 2013-10-01

Annex ZA has been added by CENELEC.

Endorsement notice

The text of the International Standard IEC 61010-1:2010 was approved by CENELEC as a European Standard without any modification.

In the official version, for Bibliography, the following notes have to be added for the standards indicated:

IEC 60079 series	NOTE	Harmonized in EN 60079 series (partially modified).
IEC 60085	NOTE	Harmonized as EN 60085.
IEC 60112:1979	NOTE	Harmonized as HD 214 S2:1980 (not modified).
IEC 60127 series	NOTE	Harmonized in EN 60127 series (not modified).
IEC 60204 series	NOTE	Harmonized in EN 60204 series (partially modified).
IEC 60332-1 series	NOTE	Harmonized in EN 60332-1 series (not modified).
IEC 60332-2 series	NOTE	Harmonized in EN 60332-2 series (not modified).
IEC 60335 series	NOTE	Harmonized in EN 60335 series (partially modified).
IEC 60364 series	NOTE	Harmonized in EN 60364 series (partially modified).
IEC 60439 series	NOTE	Harmonized in EN 60439 series (partially modified).
IEC 60439-1:1999	NOTE	Harmonized as EN 60439-1:1999 (not modified).
IEC 60445:1999	NOTE	Harmonized as EN 60445:2000 (not modified).
IEC 60447:1993	NOTE	Harmonized as EN 60447:1993 (not modified).
IEC 60601 series	NOTE	Harmonized in EN 60601 series (partially modified).
IEC 60664-1	NOTE	Harmonized as EN 60664-1.
IEC 60695-10-2	NOTE	Harmonized as EN 60695-10-2.
IEC 60950 series	NOTE	Harmonized in EN 60950 series (partially modified).
IEC 60950-1	NOTE	Harmonized as EN 60950-1.
IEC 60990	NOTE	Harmonized as EN 60990
IEC 61010-2-030	NOTE	Harmonized as EN 61010-2-030.
IEC 61032	NOTE	Harmonized as EN 61032
IEC 61243-3	NOTE	Harmonized as EN 61243-3
IEC 61326 series	NOTE	Harmonized in EN 61326 series (not modified).
IEC 61508 series	NOTE	Harmonized in EN 61508 series (not modified).
IEC 61558 series	NOTE	Harmonized in EN 61558 series (partially modified).
ISO 9241 series	NOTE	Harmonized in EN ISO 9241 series.
ISO 14121-1	NOTE	Harmonized as EN ISO 14121-1.
ISO 14738	NOTE	Harmonized as EN ISO 14738.
ISO 14971	NOTE	Harmonized as EN ISO 14971.

Annex ZA (normative)

Normative references to international publications with their corresponding European publications

The following referenced documents are indispensable for the application of this document. For dated references, only the edition cited applies. For undated references, the latest edition of the referenced document (including any amendments) applies.

NOTE When an international publication has been modified by common modifications, indicated by (mod), the relevant EN/HD applies.
