Amendments

1. Insert the following text as a new 4th paragraph in 5.1:

"If the helmet is designed to form an integral assembly together with a headset, a visor or other devices to be attached, so that any use without these attachments is not intended, all requirements specified in Clause 5 shall apply for the complete assembly. A clear marking shall be placed on the product indicating that the helmet shall only be used in combination with the attachment(s). The information for users shall provide detailed instructions regarding the attachment of devices to be used in combination with the helmet."

2. Add the following to the end of the current text in 5.3:

"Projections of category UL helmets needed for microphone boom assemblies, multiple visor systems and ear cup tensioning devices may be higher than 5 mm if their contour is smooth and rounded with no edges curved with a radius which is less than half of the height of the projection."

3. Add the following text as a new 6.3.4 "Assemblies":

"If helmets are designed to form an integral assembly with a headset, all requirements of Clause 6 shall be performed by the completed assembly. In this case, the information for users (see Clause 9) shall explain in detail, that the helmet shall only be used if the assembly is properly completed."

4. Add the following in Clause 8:

"— warning (if appropriate): The helmet shall only be used in combination with the attachment(s)"

5. Add the following to the end of Clause 9:

"— a detailed explanation how and by which attachments the assembly needs to be completed for proper use of the helmet, if the helmet is designed to form an integral assembly with accessories."
