Haushalt-Kochgeräte für gasförmige Brennstoffe - Teil 2-1:
Rationelle Energienutzung - Allgemeines

This draft amendment is submitted to CEN members for unique acceptance procedure. It has been drawn up by the Technical Committee CEN/TC 49.

This draft amendment A2, if approved, will modify the European Standard EN 30-2-1:1998. If this draft becomes an amendment, CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for inclusion of this amendment into the relevant national standard without any alteration.

This draft amendment was established by CEN in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Slovakia, Slovenia, Spain, Sweden, Switzerland and United Kingdom.

Warning : This document is not a European Standard. It is distributed for review and comments. It is subject to change without notice and shall not be referred to as a European Standard.

Foreword

This document (EN 30-2-1:1998/prA2:2004) has been prepared by Technical Committee CEN/TC 49 "Gas cooking appliances", the secretariat of which is held by UNI.

This document is currently submitted to the Unique Acceptance Procedure.

This document has been prepared under a mandate given to CEN by the European Commission and the European Free Trade Association, and supports essential requirements of EU Directive(s).

Introduction

This amendment has been prepared by CEN/TC 49 in order to ensure that the testing is as close as possible to that which applies to appliances having a single hotplate burner with a heat input in excess of 4,2 kW (EN 30-2-1:1998/A1) and so as not to alter the testing of appliances that do not have hotplate burners with heat inputs in excess of 4,2 kW.

This amendment is based on the text of EN 30-2-1 as amended by its A1.

5.2.1 Uncovered burners

In column one of Table 1 delete:

"greater than 4,2
(for single burner appliances)"

and replace it with:

"greater than 4,2".
