Corrigendum to EN 61770:2009

English version

---

*Annex ZB to be inserted after Annex ZA*

## **Annex ZB** (informative)

### **A-deviations**

**A-deviation:** National deviation due to regulations, the alteration of which is for the time being outside the competence of the CEN/CENELEC member.

This European Standard falls under Directive 2006/95/EC.

A-deviations in an EFTA-country are **valid instead** of the relevant provisions of the European Standard in that country until they have been removed.

#### Clause

#### Deviation

- |   |   |
|---|---|
| 1 | <p><b>United Kingdom</b> (The England and Wales Water Supply (Water Fittings) Regulations 1999 and equivalent Water Byelaws in Scotland and Northern Ireland)</p> |
|---|---|

The following additional requirement applies:

Constructional materials of the appliance shall not adversely affect the quality of the water with which they may come into contact upstream of the backflow prevention device.

*Compliance is checked by the tests specified in BS 6920.*

- |     |   |
|-----|---|
| 4.1 | <p><b>United Kingdom</b> (The England and Wales Water Supply (Water Fittings) Regulations 1999 and equivalent Water Byelaws in Scotland and Northern Ireland)</p> |
|-----|---|

The following additional requirement applies:

The backflow prevention device shall be in accordance with the Secretary of State Specification for the Requirements for the Prevention of Backflow.
