This amendment A11 modifies the European Standard EN 60704-1:2010; it was approved by CENELEC on 2012-10-15. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this amendment the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CEN-CENELEC Management Centre or to any CENELEC member.

This amendment exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Bulgaria, Croatia, Cyprus, the Czech Republic, Denmark, Estonia, Finland, Former Yugoslav Republic of Macedonia, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, the Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and the United Kingdom.

Foreword

This document (EN 60704-1:2010/A11:2012) has been prepared by CLC/TC 59X "Performance of household and similar electrical appliances".

The following dates are fixed:

- latest date by which this document has to be implemented at national level by publication of an identical national standard or by endorsement (dop) 2013-10-15
- latest date by which the national standards conflicting with this document have to be withdrawn (dow) 2015-10-15

Attention is drawn to the possibility that some of the elements of this document may be the subject of patent rights. CENELEC [and/or CEN] shall not be held responsible for identifying any or all such patent rights.

This document has been prepared under a mandate given to CENELEC by the European Commission and the European Free Trade Association.

1 Scope and object

1.1 Scope

1.1.1 General

iTeh STANDARD PREVIEW
(standards.iteh.ai)

Replace the clause with the following:

[SIST EN 60704-1:2010/A11:2013](http://standards.iteh.ai/catalog/standards/sist/60704-1-2010/a11-2012)

This test code for the determination of airborne acoustical noise applies to household appliances (including their accessories or components) for household and similar use, supplied from mains or from batteries.

"Household appliances" designate equipment intended for housekeeping functions such as washing, cleaning, heating, cooling, cooking, etc and appliances intended for use by users in the home environment such as shavers, hair care appliances, food preparation appliances etc..

By similar use is understood the use by non expert users in similar conditions as in households, for example:

- in shops, offices or other similar work environments;
- in farm houses;
- by clients in hotels, motels and other residential type environments;
- in bed and breakfast type environments.

This European Standard does not apply to

- appliances for commercial use,
- household appliances which are integrated parts of a building or its installations, such as equipment for air conditioning, heating and ventilating (except household fans, cooker hoods and free standing heating appliances), oil burners for central heating, pumps for water supply and for sewage systems,
- separate motors or generators,
- appliances for outdoor use.

Appliances for commercial use designate equipment to be used by persons that have been trained on the use of such appliances and appliances and machines which are declared to be for commercial use by laypersons.

This European Standard does not deal with safety requirements.
