Amendment instructions:

Delete the existing **Clause 6, Factory production control**, and replace it with the following:

6 Factory production control

The manufacturer shall establish and maintain an effective documented factory production control system. Factory production control shall comprise continuous inspection carried out by the manufacturer to ensure compliance with the requirements of this product standard.

NOTE Having regard to the hazards associated with transportation of flammable and explosive fluids, attention is particularly drawn to the need for stringent production control procedures.

In the **Bibliography**, delete the reference:

EN ISO 9001, *Quality management systems – Requirements (ISO 9001:2000)*.
