Clause 2

Amend the standard paragraph to read as follows:

The following referenced documents are indispensable for the application of this European Standard. For dated references, only the edition cited applies. For undated references, the latest edition of the referenced document (including any amendments) applies.

Delete all occurrences of "pr" preceding EN references throughout the document.

7 Procedure

Delete "apply a preload of 1 kN to the test specimen" and substitute "apply a preload to the test specimen of approximately 25 % of the declared value".

After "Apply a load at a rate of 1 kN increase per min until" insert "a deflection of approximately 3 mm is reached and thereafter load at a convenient rate for approximately a further 20 min until".
