Technical Corrigendum 1 to International Standard ISO 7982-1:1998 was prepared by Technical Committee ISO/TC 68, *Banking, securities and other financial services*.

This part of ISO 7982 contains data elements related to dates where the *year* is formatted in *less than four digits*. The format of these data elements will be considered, and, if appropriate, amended on the occasion of the next revision. Meanwhile, it is recommended that users consider, within the context of their implementation of this part of ISO 7982, any requirements for amendment in relation to the year 2000 and their business environment.
