**EN 1017:2008/AC:2009 (E)****1 Modification to 3.1, Identification**

NOTE This substance (chemical name: calcium magnesium carbonate oxide) is subject to REACH. In EN 1017 we included the CAS- and EINECS-Ns. for calcium carbonate and magnesium oxide. For REACH it is not possible to use these numbers for this substance. The EINECS inventory has a number for a product called "calcined dolomite" without giving any details.

Producers of half-burnt dolomite pre-registered this substance using the entry for calcined dolomite. To be in line with this, the related entries in EN 1017 should be amended respectively. During the registration process for REACH the industry will propose an update of the EINECS-inventory.

*Replace*

**"3.1.1 Chemical name**

Calcium carbonate magnesium oxide."

*with*

**"3.1.1 Chemical name**

calcium magnesium carbonate oxide."

*Replace*

**"3.1.2 Synonym or common name**

Half-burnt dolomite."

*with*

**"3.1.2 Synonym or common name**

Half-burnt dolomite; dolomite, calcined; half-calcined dolomite."
