EN 12245:2009/AC:2010 (E)**1 Modification to Clause 7, Marking**

Add the following NOTE after the first paragraph of Clause 7:

"NOTE 1 The marking of gas cylinders is regulated by RID, ADR and ADN which take precedence over any clause in this standard. The European Directive on transportable pressure equipment includes additional marking requirements (π -marking). It is important to know that these provisions are subject to regular revisions. This can lead to temporary noncompliance with EN ISO 13769."

Replace "NOTE" with "NOTE 2" in the existing NOTE.
