## Foreword

This amendment to ETS 300 128 (1992) has been produced by the Network Aspects (NA) Technical Committee of the European Telecommunications Standards Institute (ETSI).

This amendment contains changes to one subclause of ETS 300 128 (1992) to clarify the interaction situation between the Conference call, add-on (CONF) supplementary service and the Malicious Call Identification (MCID) supplementary service.

Transposition dates	
Date of adoption of this amendment:	23 January 1998
Date of latest announcement of this amendment (doa):	31 May 1998
Date of latest publication or endorsement of this amendment (dop/e):	30 November 1998
Date of withdrawal of any conflicting National Standard (dow):	30 November 1998

## Amendments

### Page 12, amendment to clause 8.8.1

Delete: "No impact, i.e. neither of the supplementary service shall affect the operation of the other supplementary service."

Replace with:

**iTeh STANDARD PREVIEW**  
**(standards.iteh.ai)**

**"Conference controller:**

The conference controller cannot invoke the MCID supplementary service for conferees within the conference.

NOTE: To activate the MCID supplementary service the conference controller should first create a private communication with the user to be identified using the MCID supplementary service.

**Conferees:**

If a conferee invokes the MCID supplementary service only information about the connection to the conference controller shall be registered. No information about the other conferees shall be registered."
