This draft European Standard is submitted to CEN members for formal vote. It has been drawn up by the Technical Committee CEN/TC 421.

If this draft becomes a European Standard, CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

This draft European Standard was established by CEN in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, Former Yugoslav Republic of Macedonia, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and United Kingdom.

Recipients of this draft are invited to submit, with their comments, notification of any relevant patent rights of which they are aware and to provide supporting documentation.

Warning : This document is not a European Standard. It is distributed for review and comments. It is subject to change without notice and shall not be referred to as a European Standard.

Foreword

This document (FprEN 16740:2015) has been prepared by Technical Committee CEN/TC 421 "Project Committee - Emission safety of combustible air fresheners", the secretariat of which is held by UNI.

This document is currently submitted to the Formal Vote.

FprEN 16740:2015 (E)

1 Scope

This European Standard defines appropriate user safety labelling related to the emissions from combustible air fresheners.

2 Normative references

The following documents, in whole or in part, are normatively referenced in this document and are indispensable for its application. For dated references, only the edition cited applies. For undated references, the latest edition of the referenced document (including any amendments) applies.

EN 15494, *Candles — Product safety labels*

FprEN 16738:2015, *Emission safety of combustible air fresheners — Test methods*

EN ISO 7010:2012, *Graphical symbols — Safety colours and safety signs — Registered safety signs (ISO 7010:2011)*

3 Terms and definitions

For the purposes of this document, the terms and definitions given in FprEN 16738:2015 and the following apply.

3.1 combustible air freshener

product constituted by a fragranced combustible material which by action of combustion releases in the air smelling substances which it contains (e.g.: scented candle, incense, catalytic lamp, etc.)

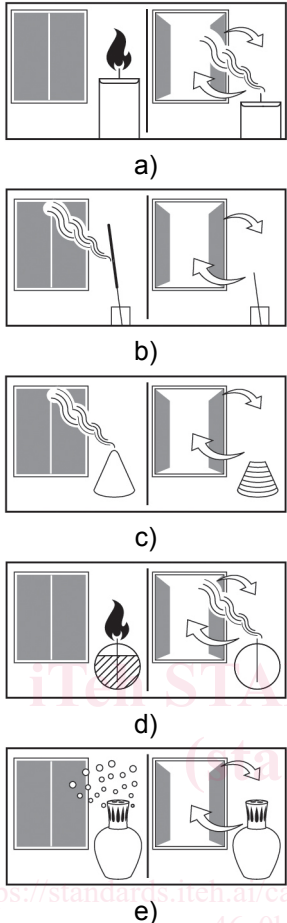

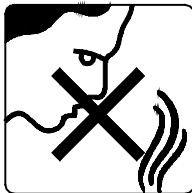

[SOURCE: FprEN 16738:2015, 3.1]

4 Product safety labels

4.1 Safety information

The messages specified in Table 1 represent safety information with which combustible air fresheners shall be labelled.

Table 1 — Safety information for combustible air fresheners

SAFETY INFORMATION SYMBOL	SAFETY INFORMATION TEXT
 <p>a)</p> <p>b)</p> <p>c)</p> <p>d)</p> <p>e)</p> <p>Figure 1 — Ventilate the room after use pictograms</p>	<p>Ventilate the room after use</p>
 <p>Figure 2 — Avoid direct inhalation of any smoke pictogram</p>	<p>Avoid direct inhalation of any smoke</p>

This safety information shall be given on a product safety label in the form of a symbol (see Table 1, 1st column) or text (see Table 1, 2nd column). It shall be visible and legible on the packaging or product. In cases that the safety labelling on the packaging or product is not practical, an instruction leaflet shall be available at the point of sale. Figure 3 (see Regulation (EC) No 1223/2009) can be used to refer to these instructions.
