Annex D (informative)**A-Deviations****A-Deviations:**

National deviations due to regulations, the alteration of which is for the time being outside the competence of the CEN member. In the relevant CEN countries these A-deviations are valid instead of the provisions of the European Standard until they have been removed.

National deviations Type A, with regard to this European Standard, which falls under Directive 90/531/CEE, have been requested by Denmark and Germany. The references of their national regulations are the following:
