Installation

This publication has been packaged as a zipped file. Do NOT open the file from the CD-ROM, but save it in the desired location in your local environment. Once the file has been saved in your local environment, click on the saved file to unzip its contents. For compound documents (e.g. HTML documents comprising several files or folders, documents that have been subdivided owing to the total file size, etc.), in order for the links between documents to function properly, the file and folder names must be maintained and the files stored in the same folder.

Where the zip file contains a Readme file, it is essential to consult this file to understand the way in which the document has been structured.
