This draft amendment is submitted to CEN members for unique acceptance procedure. It has been drawn up by the Technical Committee CEN/TC 33.

This draft amendment A1, if approved, will modify the European Standard EN 13126-5:2011. If this draft becomes an amendment, CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for inclusion of this amendment into the relevant national standard without any alteration.

This draft amendment was established by CEN in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, Former Yugoslav Republic of Macedonia, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and United Kingdom.

Recipients of this draft are invited to submit, with their comments, notification of any relevant patent rights of which they are aware and to provide supporting documentation.

Warning : This document is not a European Standard. It is distributed for review and comments. It is subject to change without notice and shall not be referred to as a European Standard.

Foreword

This document (EN 13126-5:2011/FprA1:2014) has been prepared by Technical Committee CEN/TC 33 "Doors, windows, shutters, building hardware and curtain walling", the secretariat of which is held by AFNOR.

This document is currently submitted to the Unique Acceptance Procedure.

EN 13126-5:2011/FprA1:2014 (E)**1 Modification to Clause 1, Scope**

Replace the existing text in the scope with the following:

"This Part of EN 13126 specifies requirements and test methods for durability, strength, security and functionality of devices that restrict the opening of windows and door height windows.

On devices that restrict the opening of

- Tilt&Turn, Tilt-First, Turn-Only, or Tilt-Only windows and door-height windows
- horizontal and vertical pivot windows and door height windows
- side-hung Casements and top-hung windows and door height windows (opening outwards)

this part of EN 13126 only applies, if a restriction of the opening occurs within the specification in Annex A, E or G of EN 1191:2012 in accordance with the intended use specified by the manufacturer."

2 Modification to Clause 2, Normative references

Add the following standard:

"CEN/TR 13387, *Child use and care articles - Safety guidelines*"

3 Modification to 3.5, Child safety restrictor

Replace the definition for child safety restrictor with the following:

"robust mechanical device intended to limit the initial movement of an active sash in a predetermined position, maximum 89 mm, to prevent the passage of small children (passage of small children aged from 9 to 12 months in accordance with CEN/TR 13387)"

4 Modification to the Bibliography

Add the following standard to the existing list:

"EN 1191:2012, *Windows and doors - Resistance to repeated opening and closing - Test method*"
