EN 590:2013/AC:2014 (E)**1 Modifications to 5.5.3**

In Table 1, in Footnote "j", replace "When diesel fuel contains more than 2 % (V/V) FAME, oxidation stability as determined by EN 15751 is the requirement." with "For diesel fuel containing FAME above 2 % (V/V) this is an additional requirement."

In Table 1, in the 14th row about Oxidation stability, in the 1st column, delete the footnote letter "j" and, in the 3rd column, add "j" (i.e. the same footnote letter) after "20".
