Technical Corrigendum 2 to Technical Report ISO/TR 10064-2:1996 was prepared by Technical Committee ISO/TC 60, Gears.

---

*Title page, Foreword, page 1*

Delete “Cylindrical gears” from the title of ISO/TR 10064-2, thereby changing it to the following:

*Code of inspection practice — Part 2: Inspection related to radial composite deviations, runout, tooth thickness and backlash*

This is to accommodate the coverage of gears other than cylindrical in new parts of ISO/TR 10064.
