Page ii, Foreword

Modify the Foreword by replacing the penultimate paragraph with the following:

“This first edition of ISO 703-1, together with ISO 14890:2003, cancels and replaces ISO 703:1988, of which it constitutes a technical revision.”

Delete the last line of the Foreword, which makes reference to an unpublished “Part 2” whose content was incorporated into ISO 14890.
