

Designation: F2463 – 06

Standard Terminology for Livestock, Meat, and Poultry Evaluation Systems¹

This standard is issued under the fixed designation F2463; the number immediately following the designation indicates the year of original adoption or, in the case of revision, the year of last revision. A number in parentheses indicates the year of last reapproval. A superscript epsilon (ϵ) indicates an editorial change since the last revision or reapproval.

1. Scope

1.1 This terminology contains related definitions and descriptions of terms used or likely to be used in livestock, meat, and poultry evaluation standards. The purpose of terminology is to promote clear understanding and interpretation of the standards in which they are used.

1.2 *This standard does not purport to address all of the safety concerns, if any, associated with its use. It is the responsibility of the user of this standard to establish appropriate safety and health practices and to determine the applicability of regulatory limitations prior to use.*
