INTERNATIONAL ELECTROTECHNICAL COMMISSION

TEST CODE FOR THE DETERMINATION OF AIRBORNE ACOUSTICAL NOISE
EMITTED BY HOUSEHOLD AND SIMILAR ELECTRICAL APPLIANCESPart 2: Particular requirements for room heaters of
the storage type

FOREWORD

- 1) The formal decisions or agreements of the IEC on technical matters, prepared by Technical Committees on which all the National Committees having a special interest therein are represented, express, as nearly as possible, an international consensus of opinion on the subjects dealt with.
- 2) They have the form of recommendations for international use and they are accepted by the National Committees in that sense.
- 3) In order to promote international unification, the IEC expresses the wish that all National Committees should adopt the text of the IEC recommendation for their national rules in so far as national conditions will permit. Any divergence between the IEC recommendation and the corresponding national rules should, as far as possible, be clearly indicated in the latter.

PREFACE

This standard has been prepared by Sub-Committee 59C: Heating appliances, of IEC Technical Committee No. 59: Performance of household electrical appliances.

It forms the first edition of IEC Publication 704-2-5.

The text of this standard is based upon the following documents:

Six Months' Rule	Report on Voting
59C(C0)39	59C(C0)40

Full information on the voting for the approval of this standard can be found in the Voting Report indicated in the above table.

This Part 2 is intended to be used in conjunction with IEC Publication 704-1, first edition, 1982: Test code for the determination of airborne acoustical noise emitted by household and similar electrical appliances, Part 1: General requirements.

The clauses of this Part 2 supplement or modify the corresponding clauses in IEC Publication 704-1, so as to convert that publication into the IEC standard: Test code for the determination of airborne acoustical noise emitted by room heaters of the storage type (first edition).

Where a particular sub-clause of Part 1 is not mentioned in this Part 2, that sub-clause is applicable as far as is reasonable. Where this Part 2 states "addition", "modification" or "replacement", the relevant requirement, test specification or explanatory matter in Part 1 should be adapted accordingly.
