FOREWORD

This amendment specifies changes made to the *International Electrotechnical Vocabulary* (www.electropedia.org) which have not been published as a separate standard.

The text of this amendment is based on the following change requests approved by IEC technical committee 1: Terminology.

Change request	Approved
C00012	2014-11-20

Full information on the voting for the approval of the change requests constituting this amendment can be found on the IEC maintenance portal.

 AVANT-PROPOS

Le présent amendement spécifie les modifications apportées au *Vocabulaire Electrotechnique International* (www.electropedia.org) qui n'ont pas été publiées dans des normes individuelles.

Le texte de cet amendement est issu des demandes de modification suivantes approuvées par le comité d'études 1 de l'IEC: Terminologie.

Demande de modification	Approuvée
C00012	2014-11-20

Toute information sur le vote ayant abouti à l'approbation des demandes de modification constituant cet amendement est disponible sur le portail "IEV maintenance".

Part 426 / Partie 426

Replace IEC 426-20-25 by the following:

Remplacer IEC 426-20-25 par ce qui suit:

426-20-25

rated voltage, <for trace heaters>

rated value of the voltage to which operating and performance characteristics of trace heaters are referred

tension nominale, <pour les résistances de traçage> f

valeur assignée de la tension à laquelle les caractéristiques de fonctionnement et de performance des résistances de traçage se réfèrent
