This European Standard was approved by CENELEC on 1994-07-05.
CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations
which stipulate the conditions for giving this European Standard the status of
a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards
may be obtained on application to the Central Secretariat or to any CENELEC member.

This European Standard exists in three official versions (English, French, German).
A version in any other language made by translation under the responsibility of
a CENELEC member into its own language and notified to the Central Secretariat
has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium,
Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg,
Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

FOREWORD

The text of document 34D(CO)246, as prepared by Sub-Committee 34D: Luminaires, of IEC Technical Committee 34: Lamps and related equipment was submitted to the IEC-CENELEC parallel vote in December 1992.

This reference document was approved by CENELEC on 1994-03-08.

The text of document 34D(CO)253, as prepared by the same Sub-Committee was submitted to the IEC-CENELEC parallel vote in December 1993.

This reference document was approved by CENELEC on 1994-07-05.

This European Standard replaces EN 60598-2-6:1989 and its amendment A2:1991. The reference documents for this standard together with 34D(CO)246 and 34D(CO)253 were published as IEC 598-2-6:1994 which was approved by CENELEC as EN 60598-2-6 on 1994-07-05.

This European Standard should be used in conjunction with the latest edition and any amendments to EN 60598-1: Luminaires - Part 1: General requirements and tests.

The following dates were fixed:

- latest date of publication of an identical national standard (dop) 1995-07-01
- latest date of withdrawal of conflicting national standards (dow) 1995-07-01

For products which have complied with EN 60598-2-6:1989 + A2:1991 before 1995-07-01, as shown by the manufacturer or by a certification body, this previous standard may continue to apply for production until 2000-07-01.

Annexes designated "normative" are part of the body of the standard. In this standard, annexes A and ZA are normative.

ENDORSEMENT NOTICE

The text of the International Standard IEC 598-2-6:1994 was approved by CENELEC as a European Standard without any modification.

ANNEX ZA (normative)**OTHER INTERNATIONAL PUBLICATIONS QUOTED IN THIS STANDARD
WITH THE REFERENCES OF THE RELEVANT EUROPEAN PUBLICATIONS**

This European Standard incorporates by dated or undated reference, provisions from other publications. These normative references are cited at the appropriate places in the text and the publications are listed hereafter. For dated references, subsequent amendments to or revisions of any of these publications apply to this European Standard only when incorporated in it by amendment or revision. For undated references the latest edition of the publication referred to applies.

When the international publication has been modified by CENELEC common modifications, indicated by (mod), the relevant EN/HD applies.

IS 01 Interpretation on subclause 6.1
IEC 60598-2-6 : 1994 Second edition
Luminaire – Part 2 : Particular requirements
Luminaire with built-in transformers for filament lamps

INTERPRETATION SHEET

The following interpretation was agreed at the Bled meeting of IEC/SC 34D WG LUMEX held in April 1996.

The use of SELV transformers is not excluded from this standard. Alternatively, transformers with basic insulation can be used as long as supplementary insulation is used in the circuitry connected to the secondary circuit of the transformer/convertor, i.e two lines of defence are employed.
