Foreword

This amendment to ETS 300 460 (1996) has been produced by the Satellite Earth Stations and Systems (SES) Technical Committee of the European Telecommunications Standards Institute (ETSI).

This amendment has been produced by ETSI in response to a mandate from the European Commission issued under Council Directive 83/189/EEC (as amended) laying down a procedure for the provision of information in the field of technical standards and regulations.

ETS 300 460, as amended by this amendment, together with ETS 300 829 is intended to become a Harmonized Standard, the reference of which will be published in the Official Journal of the European Communities referencing the Council Directive on the approximation of the laws of the Member States relating to electromagnetic compatibility (the "EMC Directive") (89/336/EEC as amended).

Amendments

Foreword

Replace the first paragraph with the following:

This European Telecommunication Standard (ETS) has been prepared by the Satellite Earth Stations and Systems (SES) Technical Committee of the European Telecommunications Standards Institute (ETSI).

This ETS has been produced by ETSI in response to a mandate from the European Commission issued under Council Directive 83/189/EEC (as amended) laying down a procedure for the provision of information in the field of technical standards and regulations.

This ETS together with ETS 300 829 is intended to become a Harmonized Standard, the reference of which will be published in the Official Journal of the European Communities referencing the Council Directive on the approximation of the laws of the Member States relating to electromagnetic compatibility (the "EMC Directive") (89/336/EEC as amended).

Insert after the last paragraph:

The technical specifications relevant to the EMC Directive are listed in annex D.

Insert between Annex C and History:

Annex D (normative): Subclauses of this ETS relevant for compliance with the essential requirements of relevant EC Council Directives

Table D.1: Subclauses of this ETS relevant for compliance with the essential requirements of relevant EC Council Directives

Clause/subclause number and title	Corresponding article of Council Directive	Qualifying remarks
8.2 Unwanted emissions outside the band 1 626,5 MHz to 1 645,5 MHz	4 (a) 89/336/EEC	For unwanted emissions below 960 MHz
6.2 Power supply	4 (b)	Relates to IMO SOLAS convention

History
