FOREWORD

This amendment has been prepared by IEC technical committee 72: Automatic controls for household use.

The text of this amendment is based on the following documents:

DIS	Report on voting
72(CO)139	72(CO)146

Full information on the voting for the approval of this amendment can be found in the report on voting indicated in the above table.

NOTE – IEC 730-2-10 originally referred to the first edition of IEC 730-1 (1986) modified by its amendment 1 (1990) and amendment 2 (1991). This amendment enables IEC 730-2-10 to be used with the second edition (1993) of IEC 730-1. The attention of the reader is drawn to the English terminology "Appendix" which has been replaced by "Annex" and by the reference to the "première partie" in the French text which has been replaced by the reference to the "partie 1". These terms are perfectly interchangeable.
