This draft European Standard is submitted to CEN members for enquiry. It has been drawn up by the Technical Committee
CEN/TC 191.

If this draft becomes a European Standard, CEN members are bound to comply with the CEN/CENELEC Internal Regulations
which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

This draft European Standard was established by CEN in three official versions (English, French, German). A version in any other
language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC
Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia,
Finland, Former Yugoslav Republic of Macedonia, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania,
Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland,
Turkey and United Kingdom.

Recipients of this draft are invited to submit, with their comments, notification of any relevant patent rights of which they are
aware and to provide supporting documentation.

Warning : This document is not a European Standard. It is distributed for review and comments. It is subject to change without
notice and shall not be referred to as a European Standard.

prEN EN 12845:2015/AC:2016 (E)**1 Modification to Clause 21, Third party inspection**

Replace Clause 21 with the following: “

21 Periodic system inspection

The sprinkler system shall be periodically inspected by an expert at least once a year (see Annex Q). The inspection report shall assess whether the system is in accordance with this standard, with regard to maintenance, operation and adequacy for the risk involved. A list of deviations shall be issued for action.”.

2 Addition of Annex Q, Periodic system inspection

Add the following new Annex Q: “

Annex Q
(informative)

Periodic system inspection

When performing periodic inspection, it is recommended that the system inspections are undertaken by an independent body, e.g. not the system owner, building occupier, system installer (or competing installer) or service and maintenance provider (or competing service and maintenance provider).

The expert is a designated person, suitably trained, qualified by knowledge and practical experience and with the necessary instruction to enable the test and examinations to be carried out.”.
