Baths for domestic purposes

Baignoires à usage domestique

Badewannen für den Hausgebrauch

This draft amendment is submitted to CEN members for enquiry. It has been drawn up by the Technical Committee CEN/TC 163.

This draft amendment A1, if approved, will modify the European Standard EN 14516:2015. If this draft becomes an amendment, CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for inclusion of this amendment into the relevant national standard without any alteration.

This draft amendment was established by CEN in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, Former Yugoslav Republic of Macedonia, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and United Kingdom.

Recipients of this draft are invited to submit, with their comments, notification of any relevant patent rights of which they are aware and to provide supporting documentation.

Warning : This document is not a European Standard. It is distributed for review and comments. It is subject to change without notice and shall not be referred to as a European Standard.

European foreword

This document (EN 14516:2015/prA1:2017) has been prepared by Technical Committee CEN/TC 163 “Sanitary appliances”, the secretariat of which is held by UNI.

This document is currently submitted to the CEN Enquiry.

This document has been prepared under a mandate given to CEN by the European Commission and the European Free Trade Association, and supports essential requirements of the EU Construction Products Regulation.

For relationship with EU Construction Products Regulation, see informative Annex ZA, which is an integral part of this document.

EN 14516:2015/prA1:2017 (E)**1 Modification to Clause 4, Classification**

Delete the word "Class" and replace with "Type" for both point 1 and 2.

2 Modification to Clause 5, Requirements for class 1 products

Replace the heading from "Requirements for class 1 products" to "Requirements for type 1 products".

3 Modification to sub-clause 5.3.3.2, Particular requirements for baths made of enamelled steel and enamelled cast iron

Replace the word "Class" with "Type" in the parameter field of Table 2 (two occurrences).

4 Modification to Clause 6, Requirements for class 2 products

In the heading, replace "class" with "type" to read ""Requirements for type 2 products".

5 Modifications to Clause 9, Marking, labelling and packaging

Replace the word "Class" with "Type" in Table 3 (two occurrences).

Replace the word "Class" with "Type" in the designation system.

Delete the following sentence under the designation system: "The second line of the designation code can be omitted when those characteristics are fulfilled".

Replace the word "Class" with "Type" in example 1 and 2.

Delete the note.

6 Modification to sub-clause 10.2.2, Further type testing

Replace the heading of 10.2.2 with "Samples, testing and compliance criteria" and delete the existing text.

Delete the heading of 10.2.3 and add after the 1st paragraph the following:

"The number of samples of baths to be tested/assessed shall be in accordance with Table 4 and /or Table 5."

Change the heading of Table 4 to read: "Type testing for type 1 products".

Change the heading of Table 5 to read: "Type testing for Type 2 products".

7 Modification to Annex ZA

Replace the existing Annex ZA with the new one and remove all Declaration of Performance statements.

"

Annex ZA (informative)

Relationship of this European Standard with Regulation (EU) No.305/2011

(When applying this standard as a harmonized standard under Regulation (EU) No. 305/2011, manufacturers and Member States are obliged by this regulation to use this Annex)

ZA.1 Scope and relevant characteristics

This European Standard has been prepared under standardization request M/110 Sanitary Appliances as amended by M/139 given to CEN by the European Commission and the European Free Trade Association.

When this European Standard is cited in the Official Journal of the European Union (OJEU), under Regulation (EU) No 305/2011, it shall be possible to use it as a basis for the establishment of the Declaration of Performance (DoP) and the CE marking, from the date of the beginning of the co-existence period as specified in the OJEU.

Regulation (EU) No 305/2011, as amended, contains provisions for the DoP and the CE marking.

Table ZA.1.1 — Relevant clauses for baths of Type 1 and intended use personal hygiene

Construction Product: Baths of type 1			
Intended use: Personal hygiene			
Essential Characteristics	Clauses of this European Standard related to essential characteristics	Classes and or threshold levels	Notes
Cleanability	5.2	-	Confirmed
Durability	5.3	-	Confirmed

Table ZA.1.2 — Relevant clauses for baths of type 2 and intended use personal hygiene

Construction Product: Baths of Type 2			
Intended use: Personal hygiene			
Essential Characteristics	Clauses of this European Standard related to essential characteristics	Classes and or threshold levels	Notes
Cleanability	6.2	-	Confirmed
Durability	6.3	-	Confirmed

EN 14516:2015/prA1:2017 (E)

ZA.2 System of Assessment and Verification of Constancy of Performance (AVCP)

The AVCP system(s) of Baths indicated in Tables ZA.1.1 and ZA.1.2, can be found in the EC legal act(s) adopted by the EC: Decision 96/578/EC (OJ L 254 of 8.10.1996 p. 49) amended by EC Decision(s) 2001/596/EC (OJ L 209 p 33 of 2.8.2010) and 2002/592/EC (OJ L 192 p 57 of 20.07.2002).

Micro-enterprises are allowed to treat products under AVCP system 3 covered by this standard in accordance with AVCP system 4, applying this simplified procedure with its conditions, as foreseen in Article 37 of Regulation (EU) No.305/2011.

ZA.3 Assignment of AVCP tasks

The AVCP system(s) of Baths as provided in Tables ZA.1.1 and ZA.1.2 is defined in Table ZA.3 resulting from application of the clauses of this or other European Standards indicated therein. The content of the tasks assigned to the notified body shall be limited to those essential characteristics, if any, as provided for in Annex III of the relevant standardization request and to those that the manufacturer intends to declare.

Taking into account the AVCP systems defined for the products and the intended uses the following tasks are to be undertaken by the manufacturer for the assessment and verification of the constancy of performance of the product.

Table ZA.3 — Assignment of AVCP tasks for Baths used under system 4

Tasks		Content of task	AVCP clauses to apply
Task for the manufacturer	An assessment of the performance of the construction product on the basis of testing, calculation, tabulated values or descriptive documentation of that product	Essential Characteristics of relevant Table ZA.1.1 or Table ZA.1.2 relevant for the intended use which are declared	11.2
	Factory production control (FPC)	Parameters related to Essential Characteristics of relevant Table ZA.1.1 or Table ZA.1.2 relevant for the intended use	11.3
