Errichten von Niederspannungsanlagen - Teil 6: Prüfungen

This amendment A12 modifies the Harmonization Document HD 60364-6:2016; it was approved by CENELEC on 2017-05-31. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for implementation of this amendment at national level.

Up-to-date lists and bibliographical references concerning such national implementations may be obtained on application to the CEN-CENELEC Management Centre or to any CENELEC member.

This amendment exists in three official versions (English, French, German).

CENELEC members are the national electrotechnical committees of Austria, Belgium, Bulgaria, Croatia, Cyprus, the Czech Republic, Denmark, Estonia, Finland, Former Yugoslav Republic of Macedonia, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, the Netherlands, Norway, Poland, Portugal, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and the United Kingdom.

European foreword

This document (HD 60364-6:2016/A12:2017) has been prepared by CLC/TC 64, "Electrical installations and protection against electric shock".

The following dates are fixed:

- latest date by which this document has (dop) 2018-05-31
to be implemented at national level by
publication of an identical national
standard or by endorsement
- latest date by which the national (dow) 2020-05-31
standards conflicting with this document
have to be withdrawn

Attention is drawn to the possibility that some of the elements of this document may be the subject of patent rights. CENELEC shall not be held responsible for identifying any or all such patent rights.

1 Modification to Annex ZC

Add the following A-deviations for Denmark:

<u>Clause</u>	<u>Deviation</u>
61.1	<p>Denmark</p> <p>In Denmark applies, Executive Order on Safety in connection with the Construction and Operation of Electrical Installations. Executive Order no. 1082 from July12th, 2016, § 75</p> <p>(1). When an electrical installation has been designed and erected, its compliance with this Executive Order must be verified. Such verification must be performed before the electrical installation is commissioned. (2). Verification comprises inspection, testing and reporting. (3). Verification must be performed according to the version of HD 60364-6, Low voltage electrical installations, part 6, verification, applicable in Denmark at the time of verification. (4). Reporting must be stored in accordance with the requirements for end-control, cf. the Executive Order on Quality Management Systems for Authorised Companies in the Electricity, Heating, Water, Sanitation and Sewer Installation Area and for Companies with a Company Authorisation in the Gas Area. (5). Work in the electricity area covered by the Executive Order on Simple Works in the Electricity, Heating, Water, Sanitation and Sewer Installation Area which may be Carried out by Anyone, does not require verification pursuant to subsection (1) above.</p>
62.1	<p>Denmark</p> <p>In Denmark applies, Executive Order on Safety in connection with the Construction and Operation of Electrical Installations. Executive Order no. 1082 from July12th, 2016, § 60</p> <p>(1). If a temporary electrical installation is kept for more than three months, the installation must be inspected by an authorised electrical contractor every three months. (2). The owner or user of the temporary electrical installation is responsible for ensuring that such inspection is carried out and that the installation is removed when it is no longer used.</p>
