This European Standard was approved by CEN on 1996-05-18. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

The European Standards exist in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

## Foreword

This European Standard has been prepared by the Technical Committee CEN/TC 161 'Foot and leg protectors', the secretariat of which is held by BSI.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by January 1997, and conflicting national standards shall be withdrawn at the latest by January 1997.

This European Standard has been prepared under a mandate given to CEN by the European Commission and the European Free Trade Association, and supports essential requirements of the EU Directive(s).

This European Standard was originally submitted to the CEN enquiry as prEN 193. A modification to the number of the draft was required by CEN/TC 161 and consequently this European Standard is being issued as EN 347-2. Subsequent to the publication of EN 347-2, EN 347:1992 will be renumbered as EN 347-1 in order to maintain clarity in the identifier for EN 347. A similar situation exists for EN 344, EN 345 and EN 346.

For relation with EU Directive(s), see informative Annex ZA which is an integral part of this standard.

**iTeh STANDARD PREVIEW**  
**(standards.iteh.ai)**

According to the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard: Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and the United Kingdom.

## 0 Introduction

This standard extends the scope of EN 347 by specifying further properties which may be needed in occupational footwear for professional use. It cross-refers to EN 347:1992<sup>1)</sup> for the basic requirements which are mandatory for all items of occupational footwear and, if desired, allows other combinations of properties to be specified by the selection of appropriate optional requirements from table 3 of EN 347:1992<sup>1)</sup>.

## 1 Scope

This European Standard specifies, by reference to EN 344:1992<sup>1)</sup> and EN 344-2, additional requirements for occupational footwear, relating to water resistance.

Basic and further optional requirements for occupational footwear are given in EN 347:1992<sup>1)</sup>.

## 1 Normative references

This European Standard incorporates by dated or undated references, provisions from other publications. These normative references are cited at the appropriate places in the text and the publications are listed hereafter. For dated references, subsequent amendments to or revisions of any of these publications apply to this European Standard only when incorporated in it by amendment or revision. For undated references the latest edition of the publication referred to applies.

EN 344:1992 <sup>1)</sup>	Requirements and test methods for safety, protective and occupational footwear for professional use
EN 347:1992 <sup>1)</sup>	Specification for occupational footwear for professional use
EN 344-2:1996	Safety, protective and occupational footwear for professional use - Part 2: Additional requirements and test methods

## 3 Definitions

For the purposes of this standard, the definitions given in EN 344:1992 and EN 347:1992 apply.

## 4 Classification

Footwear shall be classified in accordance with table 1 of EN 347:1992.

---

<sup>1)</sup> Subsequent to the issue of EN 344-2 and EN 347-2, EN 344: 1992 and EN 347:1992 will be renumbered into Parts 1.

## 5 Occupational footwear with resistance to water

### 5.1 Performance

Footwear shall comply with the basic requirements specified in table 2 of EN 347:1992 and with the requirement given in table 1.

Table 1 : Occupational footwear with resistance to water

Requirement	Appropriate clause in EN 344-2:1996	Classification I
Resistance to water	4.2	X
NOTE : X indicates that the requirement shall be met.		

**iTeh STANDARD PREVIEW**  
(standards.iteh.ai)

### 5.2 Marking

Each item of occupational footwear shall be clearly and permanently marked, for example by embossing or branding, as specified in clause 6 of EN 347:1992 and with the symbol WR.

1688e027962c/sist-en-347-2-1996

**Annex ZA (informative)****Clauses of this European Standard addressing essential requirements or other provisions of EU Directives**

This European Standard has been prepared under a mandate given by CEN by the European Commission and the European Free Trade Association and supports essential requirements of the EU Directive 89/686/EEC.

**WARNING** : other requirements and other EU Directives may be applicable to the product(s) falling within the scope of this standard.

Table ZA.1 shows the relationship between relevant requirements of the Directive 89/686/EEC and clauses of this European Standard.

**NOTE:** The relationship between requirements of the Directive and the basic requirements specified in EN 347:1992 also applies to this standard.

Table ZA.1: Relationship between this standard and the essential requirements of the Directive 89/686/EEC

(standards.iteh.ai)

Requirement of the Directive	Clause of this European Standard
1.1.1	5.1
2.12	5.2

Compliance with the clauses of this standard provides one means of conforming with the specific essential requirements of the Directive concerned and associated ETFA regulations.
