Foreword

This Amendment EN 345:1992/A1:1997 to the EN 345:1992 has been prepared by Technical Committee CEN/TC 161 "Foot and leg protectors", the secretariat of which is held by BSI.

This Amendment to the European Standard EN 345:1992 shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by August 1997, and conflicting national standards shall be withdrawn at the latest by August 1997.

The amendment is based upon the work of CEN/TC161/WG1 and WG2 and is intended primarily to clarify particular provisions in EN 345:1992, where it was felt that the text could be misinterpreted. This amendment also aligns EN 345:1992 with Amendment 1 to EN 344:1992.

As a consequence of the publication of EN 345-2 the standard EN 345 has been renumbered as EN 345-1 with the following title, Safety footwear for professional use - Part 1: Specification.
