Foreword

This Amendment EN 346:1992/A1:1997 to the EN 346:1992 has been prepared by Technical Committee CEN/TC 161 'Foot and leg protectors', the secretariat of which is held by BSI.

This Amendment to the European Standard EN 346:1992 shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by August 1997, and conflicting national standards shall be withdrawn at the latest by August 1997.

The amendment is based upon the work of CEN/TC161/WG1 and WG2 and is intended primarily to clarify particular provisions in EN 346:1992, where it was felt that the text could be misinterpreted. This amendment also aligns EN 346:1992 with Amendment 1 to EN 344:1992.

As a consequence of the publication of EN 346-2 the standard EN 346 has been renumbered as EN 346-1 with the following title, Protective footwear for professional use - Part 1: Specification.

This amendment will be incorporated in EN 346:1992 on the occasion of its first revision.

This Amendment to the European Standard EN 346:1992 has been prepared under a mandate given to CEN by the European Commission and the European Free Trade Association, and supports essential requirements of EU Directive(s).

According to the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this Amendment: Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and the United Kingdom.
