**Domestic appliances used for drinking water treatment
not connected to water supply - Jug water filter systems -
Safety and performance requirements, labeling and
information to be supplied**

Appareils domestiques de traitement de l'eau non connectés au réseau d'alimentation en eau - Systèmes de carafes filtrantes d'eau - Exigences de sécurité et de performance, étiquetage et informations à fournir

Leitungsungebundene Haushaltsgeräte zur Behandlung von Trinkwasser - Haushaltswasserfiltersysteme - Sicherheits- und Leistungsanforderungen, Kennzeichnung und mitzuliefernde Informationen

This draft amendment is submitted to CEN members for enquiry. It has been drawn up by the Technical Committee CEN/TC 426.

This draft amendment A1, if approved, will modify the European Standard EN 17093:2018. If this draft becomes an amendment, CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for inclusion of this amendment into the relevant national standard without any alteration.

This draft amendment was established by CEN in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Republic of North Macedonia, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and United Kingdom.

Recipients of this draft are invited to submit, with their comments, notification of any relevant patent rights of which they are aware and to provide supporting documentation.

Warning : This document is not a European Standard. It is distributed for review and comments. It is subject to change without notice and shall not be referred to as a European Standard.

<https://standards.iteh.ai/catalog/standards/sist/de38db94-ead1-4db7-9381-c872ff407cb7/sist-en-17093-2018-opra1-2020>

EN 17093:2018/prA1:2019 (E)**1 Modification to Clause 1 - Scope**

Delete Note 3:

"NOTE 3 An amendment is being prepared with the following scope: This Amendment provides a validated test method using *Pseudomonas Aeruginosa* (ATCC 15442) as a bacterial indicator in addition to the test procedure using *E. Coli*."

In NOTE 2, replace "standard" with "document".

Therefore, the Scope will read as follows:

"This document describes the specifications and test methods for gravity fed devices for conditioning of drinking water that are not connected to the mains water distribution system in buildings, known as jug water filter systems. It also gives instructions for the user manuals, so that the jug water filter system can be used and maintained properly. Jug water filter systems are intended to modify the properties of drinking water only, and are not designed to make non-potable water safe for drinking. The scope of this document does not extend to combination systems that require an electrical power supply such as water heaters and water coolers systems.

NOTE 1 Although jug water filter systems are covered by the widely harmonized food legislation (EU Regulations 178/2002 and 1935/2004), existing national regulations concerning the use and or the characteristics of these products remain in force.

NOTE 2 This document provides no information as to whether the product is used without restriction in any of the Member States of the EU or EFTA."
