This amendment A11 modifies the European Standard EN 61011:1992; it was approved by CENELEC on 1996-07-02. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this amendment the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CENELEC member.

This amendment exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the Central Secretariat has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

Foreword

A proposal to amend EN 61011:1992, document CLC/TC 61(SEC)992, was discussed during the Dublin meeting in May 1995, when it was decided to submit a draft for an amendment to the formal vote.

This draft was circulated as prAB in January 1996 and was ratified by CENELEC as amendment A11 on 1996-07-02.

This amendment has been prepared by the secretariat of CENELEC Technical Committee TC 61.

The following dates are applicable:

- | | | |
|--|-------|------------|
| - latest date of publication of an identical national standard | (dop) | 1997-01-01 |
| - date of withdrawal of conflicting national standards | (dow) | 1999-01-01 |

For products which have complied with EN 61011:1992 and its amendment A2:1994 before 1999-01-01, as shown by the manufacturer or by a certification body, this previous standard may continue to apply for production until 2004-01-01.

This amendment supplements or modifies the corresponding clauses of EN 61011:1992 and its amendment.

There are no special national conditions causing a deviation from this amendment.

There are no national deviations from this amendment.

NOTE - Amendment numbers commencing A1 refer to the endorsement of IEC amendments, while those commencing A11 originate in CENELEC.

7 Marking

7.9 *Replace the common modification by:*

Add to the first paragraph:

The instruction sheet for energizers fitted with PVC insulated flexible cords shall specify that they have to be installed under a shelter and must not be handled when the temperature is below + 5 °C.
