EN 17816:2023 (E)**Introduction**

Regulation (EU) 2019/1009 [3] lays down the rules on the making available on the market of EU fertilizing products and the specific safety, quality and labelling requirements for the defined product function categories (PFCs). Liming materials have been classified as PFC 2.

In this document the normative references of the test methods to be used for liming materials (PFC 2) are defined in order to measure the compliance with the related requirement in Regulation (EU) 2019/1009 [3].

Supplementary denominations and specifications widely used in Europe are given in EN 14069 [2].
