

Designation: D4995 – 04 (Reapproved 2010)

# Standard Specification for Electronic and Degreasing Grades of 1,1,2-Trichloro 1,2,2,-Trifluoroethane Solvent<sup>1</sup>

This standard is issued under the fixed designation D4995; the number immediately following the designation indicates the year of original adoption or, in the case of revision, the year of last revision. A number in parentheses indicates the year of last reapproval. A superscript epsilon ( $\epsilon$ ) indicates an editorial change since the last revision or reapproval.

## 1. Scope

1.1 This specification establishes the requirements for three grades of trichlorotrifluoroethane solvent:

- 1.1.1 Type I electronic or ultra-clean grade,
- 1.1.2 Type II standard or vapor-degreasing grade, and
- 1.1.3 Type IIA general purpose, packaged in a pressurized container grade.

## 2. Referenced Documents

29 CFR 1919.1200 Department of Labor, OSHA Regulations on Hazard Communications

49 CFR 100 to 199 Department of Transportation Hazard-

ous Materials Regulations

PPP-C-2020 Federal Specification, Chemicals, Liquid, Dry and Paste: Packaging of<sup>4</sup>

STP 310A Handbook of Vapor-Degreasing<sup>5</sup>

STP 403A Cold Cleaning with Halogenated Solvents<sup>5</sup>

## 3. Classification

3.1 *Type I*—Type I solvent is intended for use in the cleaning of space vehicle components, precision assemblies, oxygen systems and electronic equipment by the processes of spraying, flushing, vapor degreasing, or ultrasonics. The solvent is especially applicable for cleaning precision parts and assemblies in clean rooms and for use as a medium in testing the cleanliness of components that are assumed to be clean.

3.2 *Types II and IIA*—Types II and IIA are typically used in vapor degreasing applications or in other processes where the requirements for purity and cleanliness are less stringent than those of a cleaning process using Type I solvent.

## 4. Properties

4.1 Electronic or ultra-clean and degreasing grades of trichlorotrifluoroethane shall conform to the requirements prescribed in **Table 1**.

## 5. Packaging

5.1 Package and label industrial or commercial quantities in accordance with DOT regulations in **49 CFR 100 to 199**, in accordance with state and local regulations, in accordance with OSHA regulations found in 29 CFR 1910.1200, and in accordance with EPA regulations found in 40 CFR 82 Subpart E.

## 6. Keywords

6.1 CFC-113; trichlorotrifluoroethane

<sup>1</sup> This specification is under the jurisdiction of ASTM Committee D26 on Halogenated Organic Solvents and Fire Extinguishing Agents and is the direct responsibility of Subcommittee D26.03 on Cold Cleaning.

Current edition approved Feb. 1, 2010. Published March 2010. Originally approved in 1994. Last previous edition approved in 2004 as D4995 – 04. DOI: 10.1520/D4995-04R10.
