## European foreword

This document (EN 12916:2019/prA1:2021) has been prepared by Technical Committee CEN/TC 19 “Gaseous and liquid fuels, lubricants and related products of petroleum, synthetic and biological origin”, the secretariat of which is held by NEN.

This document is currently submitted to the CEN enquiry.

This document amends EN 12916:2019. The change compared to the previous version is the measurement range for total aromatic hydrocarbon determined with Procedure B. The new measurement range is determined after re-evaluation of the ILS data.
