

Designation: E2306 - 11

# StandardPractice for Disposal of Personal Property<sup>1</sup>

This standard is issued under the fixed designation E2306; the number immediately following the designation indicates the year of original adoption or, in the case of revision, the year of last revision. A number in parentheses indicates the year of last reapproval. A superscript epsilon ( $\varepsilon$ ) indicates an editorial change since the last revision or reapproval.

#### 1. Scope

- 1.1 This practice encompasses the disposal of surplus personal property and how surplus property is donated, sold, recycled, abandoned, or destroyed.
- 1.2 Disposal is the final step in the final phase of the Personal Property Management Cycle. Until the disposal action occurs and is properly documented, the property remains on an entity's property and financial records and therefore subject to costly cyclic inventories.
- 1.3 This standard does not include specific requirements for the classification of or the disposal of scrap items or materials.
- 1.4 This standard does not include specific governmental disposal requirements, or environmental, or security regulations. However, this standard enables an entity to align or integrate those requirements into its own procedures.

E2279 Practice for Establishing the Guiding Principles of
Property Management

ASTM E2

## 3. Terminology

- 3.1 Definitions:
- 3.1.1 *abandonment*—to give up all and any future claim to rights or interest in surplus property.
- 3.1.2 *disposal*—the processes involved in determining the appropriate disposition for surplus property, including removal of personal property from the property accounting system.
- 3.1.3 *destruction*—the process of ruining the structure, organic existence, or condition of items after consideration for utilization, donation, recycling, sale, or abandonment.
- <sup>1</sup> This practice is under the jurisdiction of ASTM Committee E53 on Property Management Systems and is the direct responsibility of Subcommittee E53.04 on Reutilization and Disposal.
- Current edition approved May 1, 2011. Published June 2011. Originally approved in 2003 as E2306 03. DOI: 10.1520/E2306-11.
- <sup>2</sup> For referenced ASTM standards, visit the ASTM website, www.astm.org, or contact ASTM Customer Service at service@astm.org. For *Annual Book of ASTM Standards* volume information, refer to the standard's Document Summary page on the ASTM website.

- 3.1.4 *donations*—direct transfer of title of surplus property to eligible donees and other specifically designated recipients.
- 3.1.5 *reutilization*—finding another use for property already owned.
- 3.1.6 *sale*—trasnsfer of the ownership and title to property from one entity to another for an agreed upon consideration.
- 3.1.7 *scrap*—property that has no value except for its basic material content.
- 3.1.8 *screening period*—the period in which excess and surplus personal property are made available for transfer or donation.
- 3.1.9 *surplus*—personal property that is no longer required by the owning entity; and for property belonging to the United States Government, it is determined by the General Services Administration.

## 4. Summary of Practice

4.1 Organizational entities will implement property management systems in accordance with Practice E2279 and use terminology cited in Terminology E2135.

## 5. Significance and Use 4eab80e/astm-e2306-11

- 5.1 Continuing emphasis by interested stakeholders demands that an entity dispose of surplus assets in the most economical and efficient manner possible.
- 5.2 An efficient personal property reutilization and disposal program should be done in a manner consistent with the entity's goals and objectives.

#### 6. Management and Utilization of Property

- 6.1 Entities shall establish policies and implement accountability systems to manage the reutilization and disposal of personal property.
- 6.2 Property management systems should be capable of surveying its property needs and determine what property is no longer required by the entity.
- 6.3 The disposal process for surplus personal property should involve the following processes: reutilization, donation, recycling, sale, and abandonment or destruction, or any other appropriate method.
