#### 3. Significance and Use

- 3.1 The use of this survey form will provide the auditor with a guide for evaluating an agency.
- 3.1.1 The description of the agency's facility and its organization will aid the auditor in determining if the agency has adequate capacity and capability to fulfill the contractual requirement.
- 3.1.2 A review of the agency's policies and/or practices will aid the auditor in determining if the agency has adequate controls on its system.
- 3.1.3 A review of the agency's records will aid the auditor in determining if the facility complies with its own written policies or practices, or both.
- 3.2 The recommendations set forth in this guide are minimums and should be supplemented by the user, as necessary, to meet the specific requirements of the contract.
- 3.3 The use of this survey form provides the auditor with a permanent record and includes a corrective action request.
