|------------------------------------------------------------------------------|-----------|
| <b>Foreword</b>                                                              | <b>v</b>  |
| <b>Introduction</b>                                                          | <b>vi</b> |
| <b>1 Scope</b>                                                               | <b>1</b>  |
| <b>2 Normative references</b>                                                | <b>1</b>  |
| <b>3 Terms and definitions</b>                                               | <b>1</b>  |
| <b>4 Principle</b>                                                           | <b>1</b>  |
| <b>5 Preparation of test sample</b>                                          | <b>1</b>  |
| <b>6 Separation of sulfate and pyritic sulfur</b>                            | <b>3</b>  |
| 6.1 Principle                                                                | 3         |
| 6.2 Reagents                                                                 | 3         |
| 6.3 Apparatus                                                                | 3         |
| 6.4 Procedure                                                                | 4         |
| 6.4.1 Test portion                                                           | 4         |
| 6.4.2 Extraction                                                             | 4         |
| <b>7 Determination of sulfate sulfur</b>                                     | <b>5</b>  |
| 7.1 Principle                                                                | 5         |
| 7.2 Reagents                                                                 | 5         |
| 7.3 Apparatus                                                                | 5         |
| 7.4 Procedure                                                                | 6         |
| 7.5 Blank test                                                               | 7         |
| 7.6 Expression of results                                                    | 7         |
| 7.7 Precision                                                                | 7         |
| 7.7.1 Repeatability limit                                                    | 7         |
| 7.7.2 Reproducibility limit                                                  | 7         |
| <b>8 Determination of pyritic sulfur</b>                                     | <b>7</b>  |
| 8.1 Principle                                                                | 7         |
| 8.2 Reagents                                                                 | 8         |
| 8.2.1 Titrimetric, colorimetric and atomic absorption spectrometric finishes | 8         |
| 8.2.2 Titrimetric finish only                                                | 8         |
| 8.2.3 Colorimetric and atomic absorption spectrometric finishes              | 9         |
| 8.2.4 Colorimetric finish only                                               | 9         |
| 8.2.5 Atomic absorption spectrometric finish only                            | 9         |
| 8.3 Apparatus                                                                | 9         |
| 8.4 Procedure                                                                | 9         |
| 8.4.1 Preparation of test solution                                           | 9         |
| 8.4.2 Titrimetric finish                                                     | 10        |
| 8.4.3 Colorimetric finish                                                    | 10        |
| 8.4.4 Atomic absorption spectrometric finish                                 | 11        |
| 8.5 Blank test                                                               | 12        |
| 8.6 Expression of results                                                    | 12        |
| 8.6.1 Titrimetric finish                                                     | 12        |
| 8.6.2 Colorimetric finish                                                    | 13        |
| 8.6.3 Atomic absorption spectrometric finish                                 | 13        |
| 8.7 Precision                                                                | 14        |
| 8.7.1 Repeatability limit                                                    | 14        |
| 8.7.2 Reproducibility limit                                                  | 14        |
| <b>9 Determination of organic sulfur</b>                                     | <b>14</b> |
| 9.1 Principle                                                                | 14        |
| 9.2 Calculation                                                              | 14        |
| <b>10 Calculation to other bases</b>                                         | <b>14</b> |

|                              |                                                            |           |
|------------------------------|------------------------------------------------------------|-----------|
| <b>11</b>                    | <b>Test report.....</b>                                    | <b>14</b> |
| <b>Annex A (informative)</b> | <b>Derivation of factors used in the calculations.....</b> | <b>16</b> |
