English version

Anaesthetic workstations and their modules - Particular requirements

Systèmes d'anesthésie et leurs modules - Règles particulières

Anästhesie-Arbeitsplätze und ihre Module - Besondere Festlegungen

This amendment A1 modifies the European Standard EN 740:1998; it was approved by CEN on 4 December 2003.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for inclusion of this amendment into the relevant national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This amendment exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Luxembourg, Malta, Netherlands, Norway, Portugal, Slovakia, Spain, Sweden, Switzerland and United Kingdom.

Foreword

This document (EN 740:1998/A1:2004) has been prepared by Technical Committee CEN/TC 215 “Respiratory and anaesthetic equipment”, the secretariat of which is held by BSI.

This Amendment to the European Standard EN 740:1998/A1:2003 shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by July 2004, and conflicting national standards shall be withdrawn at the latest by July 2004.

According to the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European standard: Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Luxembourg, Malta, Netherlands, Norway, Portugal, Slovakia, Spain, Sweden, Switzerland and the United Kingdom.

Revised text

6 Identification, marking and documents

6.8.2 Instructions for use

In subclause 6.8.2, addition aa), add a new dash item:

" - Where applicable, the manufacturer shall disclose the supply pressure(s) at which the anaesthetic workstation ceases to function and give a warning that a malfunctioning of the central gas supply system can cause more than one or even all anaesthetic workstations connected to it to stop their operation simultaneously."
