Lave-vaisselle électriques à usage domestique
- Méthodes de mesure de l'aptitude à la
fonction

CORRIGENDUM 1

5 General conditions for measurements

5.7 Detergent

Replace the following Formula (1):

$-8 \text{ g} + 0,5 \text{ g}$ per place setting loadedfordishwashers with acapacity of
 ≥ 8 place setting- 8 g
 $+ 0,7 \text{ g}$ per place setting loaded fordishwashers with acapacity of
 < 8 place settings

with:

- $8 \text{ g} + 0,5 \text{ g}$ per place setting loaded for dishwashers with a capacity of ≥ 8 place settings
- $8 \text{ g} + 0,7 \text{ g}$ per place setting loaded for dishwashers with a capacity of < 8 place settings

Cette correction ne s'applique qu'à la version anglaise.
