JARDINS ET PELOUSES - SÉCURITÉ -

Partie 2-18: Exigences particulières pour les
outils à cercler portatifs

CORRIGENDUM 1

Corrections to the French version appear after the English text.

Les corrections à la version française sont données après le texte anglais.

I.2.4 Installation and mounting conditions of the power tools during noise tests

Delete the following text:

Replacement of the third paragraph:

Strapping tools are suspended with the tool in a horizontal orientation. It shall be positioned so that its axis is at 45° between the microphone positions 1 and 4 and 2 and 3 (see IEC 62841-1 2014, Figure I.2). Its geometrical centre shall be 1 m above the ground (reflecting plane).

Add the following new text:

Addition:

Strapping tools are held and used as specified in I.2.5.

I.2.5 Operating conditions

Replace the last row of Table I.101 with the following:

Test cycle	One test cycle is given by clinching one strap. Five consecutive cycles shall be carried out.
