Annex K – Battery tools and battery packs

K.14 Moisture resistance

K.14.2.304.2 Moisture resistance of battery/charger interface with drainage system

Replace the last two paragraphs of the compliance statement with the following text:

*The **detachable battery pack** is then connected to the **charger** in accordance with K.8.14.2. Any water that could be within the **detachable battery pack enclosure** is permitted to drain for 10 min. The **battery** is then removed and the **charger** is inspected for water that has come in contact with **live parts** inside the **charger**.*

*No water shall be in contact with **live parts** inside the **charger**, unless they are insulated in accordance with K.14.2.302.4. Terminals used for **battery** connections are allowed to get wet.*
