|------------------------------------------------------|-----------|
| <b>Foreword</b>                                      | <b>v</b>  |
| <b>Introduction</b>                                  | <b>vi</b> |
| <b>1 Scope</b>                                       | <b>1</b>  |
| <b>2 Normative references</b>                        | <b>1</b>  |
| <b>3 Terms and definitions</b>                       | <b>1</b>  |
| <b>4 Classification</b>                              | <b>2</b>  |
| 4.1 General                                          | 2         |
| 4.2 Types and classes                                | 2         |
| <b>5 Requirements</b>                                | <b>2</b>  |
| 5.1 General                                          | 2         |
| 5.1.1 Biocompatibility                               | 2         |
| 5.1.2 pH value                                       | 2         |
| 5.1.3 Microbiology                                   | 2         |
| 5.1.4 Stability                                      | 2         |
| 5.2 Specific requirements for Type 1 adhesives       | 2         |
| 5.2.1 Washability                                    | 2         |
| 5.2.2 Strength of the adhesion to the prosthesis     | 2         |
| 5.3 Specific requirements for Type 2 adhesives       | 3         |
| 5.3.1 Adhesion strength                              | 3         |
| 5.3.2 Peeling property                               | 3         |
| 5.3.3 Consistency                                    | 3         |
| <b>6 Sampling</b>                                    | <b>3</b>  |
| <b>7 Measurements and test methods</b>               | <b>3</b>  |
| 7.1 Test conditions                                  | 3         |
| 7.2 pH value measurement                             | 3         |
| 7.2.1 Apparatus and material                         | 3         |
| 7.2.2 Reagents                                       | 3         |
| 7.2.3 Procedure                                      | 4         |
| 7.3 Determination of stability — Aging procedure     | 4         |
| 7.4 Test of washability (for Type 1 adhesives)       | 4         |
| 7.4.1 Apparatus and materials                        | 4         |
| 7.4.2 Reagent                                        | 5         |
| 7.4.3 Procedure                                      | 5         |
| 7.5 Adhesion strength test I (for Type 1 adhesives)  | 5         |
| 7.5.1 General                                        | 5         |
| 7.5.2 Apparatus                                      | 5         |
| 7.5.3 Procedure                                      | 7         |
| 7.6 Adhesion strength test II (for Type 1 adhesives) | 9         |
| 7.6.1 General                                        | 9         |
| 7.6.2 Apparatus                                      | 9         |
| 7.6.3 Procedure                                      | 9         |
| 7.7 Adhesion strength test (for Type 2 adhesives)    | 10        |
| 7.7.1 Apparatus                                      | 10        |
| 7.7.2 Procedure                                      | 12        |
| 7.8 Peeling test (for Type 2 adhesives)              | 12        |
| 7.8.1 Apparatus and materials                        | 12        |
| 7.8.2 Reagent                                        | 13        |
| 7.8.3 Procedure                                      | 13        |
| 7.9 Consistency test (for Type 2 adhesives)          | 13        |
| 7.9.1 Apparatus                                      | 13        |
| 7.9.2 Procedure                                      | 15        |
| 7.10 Assessment                                      | 15        |

|          |                                                              |           |
