

Data Sheet Index		Project number	Contractor		Revision				
Sheet 1 of 1		Item number	Document number		Rev. date				
			Purchaser		Revision				
			Document number		Rev. date				
Clause	Title	Check data sheet used on project							
		Information		Options		Instrumentation		Documentation	
		Used	Rev	Used	Rev	Used	Rev	Used	Rev
1	Scope								
2	Normative references								
3	Terms and definitions								
4	Comparative performance assessment at standard reference conditions								
5	Performance at site conditions								
6	Site conditions and utilities								
7	Discharges and emissions to the environment								
8	Contract fuels								
9	Fuel systems and treatment								
10	Regulations, codes and standards								
11	Operating requirements								
12	Quality								
13	Reliability, availability and maintainability								
14	Safety requirements								
15	Measurement, language, identification and standardization								
16	Corrosion prevention, painting and finishing								
17	Packing and transportation								
18	Gas turbine core								
19	Gearboxes and couplings								
20	Air inlet system								
21	Exhaust system								
22	Civil design and foundation requirements								
23	Generator design interface requirements								
24	Heat recovery steam generator								
25	Combined cycle applications								
26	Control and instrumentation requirements								
27	Electrical system requirements								
28	Maintenance requirements								
29	Enclosures								
30	Auxiliary equipment								
31	Condition monitoring								
32	Installation and commissioning								
33	Verification testing								
34	Design life								
35	Technical information and documents
