**Road vehicles — Fuse-links with  
axial terminals for use in 48V  
networks — Types SF36-70V, SF51-  
70V and SF56-70V**

*Véhicules routiers — Liaisons fusibles avec languettes axiales pour  
réseaux 48V — Types SF36-70V, SF51-70V et SF56-70V*

| <b>Foreword</b>                               | <b>v</b> |
| <b>1 Scope</b>                                | <b>1</b> |
| <b>2 Normative references</b>                 | <b>1</b> |
| <b>3 Terms and definitions</b>                | <b>1</b> |
| <b>4 Marking, labelling and colour coding</b> | <b>1</b> |
| <b>5 Design and test requirements</b>         | <b>2</b> |
| 5.1 General                                   | 2        |
| 5.1.1 General test conditions                 | 2        |
| 5.1.2 General performance requirements        | 2        |
| 5.1.3 General fuse-link requirements          | 3        |
| 5.1.4 Test sequence                           | 3        |
| 5.1.5 Test cable size                         | 4        |
| 5.2 Voltage drop                              | 4        |
| 5.2.1 Purpose                                 | 4        |
| 5.2.2 Test                                    | 4        |
| 5.2.3 Requirement                             | 4        |
| 5.3 Current cycling                           | 5        |
| 5.3.1 Purpose                                 | 5        |
| 5.3.2 Test                                    | 5        |
| 5.3.3 Requirement                             | 6        |
| 5.4 Environmental conditions                  | 6        |
| 5.4.1 Purpose                                 | 6        |
| 5.4.2 Mechanical Shock and Vibration test     | 6        |
| 5.4.3 Climatic loads                          | 7        |
| 5.4.4 Chemical loads                          | 7        |
| 5.4.5 Temperature shock                       | 7        |
| 5.4.6 Requirement                             | 7        |
| 5.5 Operating time rating                     | 7        |
| 5.5.1 Purpose                                 | 7        |
| 5.5.2 Test                                    | 7        |
| 5.5.3 Requirement                             | 7        |
| 5.6 Current steps                             | 8        |
| 5.6.1 Purpose                                 | 8        |
| 5.6.2 Test                                    | 8        |
| 5.6.3 Requirement                             | 8        |
| 5.7 Breaking capacity                         | 8        |
| 5.7.1 Purpose                                 | 8        |
| 5.7.2 Test                                    | 8        |
| 5.7.3 Requirement                             | 9        |
| 5.8 Mechanical stability                      | 9        |
| 5.8.1 Purpose                                 | 9        |
| 5.8.2 Test                                    | 9        |
| 5.8.3 Requirement                             | 9        |
| 5.9 Insulation resistance                     | 9        |
| 5.9.1 Purpose                                 | 9        |
| 5.9.2 Test                                    | 9        |
| 5.9.3 Requirement                             | 9        |
| 5.10 Cold resistance                          | 10       |
| 5.10.1 Purpose                                | 10       |
| 5.10.2 Test                                   | 10       |
| 5.10.3 Requirement                            | 11       |
| 5.11 Overload test                            | 11       |
| 5.11.1 Purpose                                | 11       |

|          |        |                                                    |           |
|----------|--------|----------------------------------------------------|-----------|
|          | 5.11.2 | Test.....                                          | 11        |
|          | 5.11.3 | Requirement.....                                   | 11        |
| <b>6</b> |        | <b>Dimensions and examples of designation.....</b> | <b>11</b> |
|          | 6.1    | Type SF36-70V.....                                 | 11        |
|          | 6.1.1  | Dimensions bolt-down.....                          | 11        |
|          | 6.1.2  | Dimensions clinchable.....                         | 12        |
|          | 6.2    | Type SF51-70V.....                                 | 13        |
|          | 6.3    | Type SF56-70V.....                                 | 14        |
|          | 6.4    | Designation example.....                           | 15        |
| <b>7</b> |        | <b>Test fixture.....</b>                           | <b>15</b> |
|          | 7.1    | SF36-70V.....                                      | 15        |
|          | 7.2    | SF51-70V.....                                      | 16        |
|          | 7.3    | SF56-70V.....                                      | 16        |
